JACKSON CO. OFFICIALS SHOW MUCH ZEAL

And It's Up To Madison and Jackson Counties To Get Money For Highway

Several letters have been received within the past few days from officials of Jackson county in regard to the road to McKee, which it is hoped to have built with state aid funds next year, of the proper co-operation can be had from the two counties mostly affected—Madison and Jackson. The Jackson county people are thoroughly alive to the needs of the situation, as these letters will show. It is expected that large delegations will attend the meeting at Berea Friday and here Saturday.

Tyner, Ky., April 28, 1922
Mr. D. J. Williams,

My dear Mr. Williams—I am just in receipt of a letter from Joe S. Boggs stating that if Jackson county would agree to wait until this fall for the letting of contract on the Big Hill-McKee road so that the state's share of the cost would come from the 1923 levy that he would recommend the construction of this road to the Commission and that without any doubt it would be adopted. Now Jackson county's fiscal court has agreed to this issue and an order has been made giving the entire amount of the \$125,000 bond issue to the construction of this road from McKee to Madison county line, and it is also agreeable to us to wait until fall to award the contracts, and also for us to furnish our part of the money before that time in order to take care of surveying, etc., before contracts are awarded. Now there is another provision in Mr. Boggs' letter which reads as follows: "I am not willing, however, to make a recommendation for the acceptance of this proposition unless Madison county in some way materially increases its own appropriation."

Now you can see that the Madison end of the road is the only matter of adjusting at this time in order to get the project approved by the Road Commissioners. We are meeting all the requirements from this end and want to go before the Commissioners on the 8th day of May to get this settled so that we can proceed to sell our bonds and secure the money needed for the cost of survey of said road. We had a meeting at McKee yesterday and it was the consensus of opinion that Madison county would not fail us in the end, but would at once take steps to secure additional funds by private subscription or otherwise to add to the \$6000 appropriated by the Madison county fiscal court. It has been suggested by many that the Scaffold Cane road, leading from Dixie Highway south of Berea and following the ridge to top of Big Hill would be the less expensive to construct, but we desire to have the people of Madison understand that we are not in anyway attempting to dictate as to the selection of the route and I am writing you asking that your new Board of Commerce have a mass meeting to select a committee to solicit funds or look after this end of same. I suggest that Richmond and Berea work together and if more can be pledged for one route than the other, then make both propositions to the road department. Delegation from Jackson county will arrive in Berea on Friday, May 5th at 1 p. m. to meet with the Berea people and expect to be in Richmond on Saturday at 10 a. m. for the same purpose and I want to suggest that you Richmond people get busy and advertise a meeting for Berea on Friday night, 7:30 and at Richmond on Saturday at 10 a. m. We will be at both meetings and we hope that this will be satisfactorily adjusted by this time and that you will have a representative to accompany us to Frankfort on 8th. Please see Mr. Turley, Mr. Baxter, Mr. Zaring, Dr. Sandlin and others and then write me at once what is going to be done, or attempted to be done in this matter. Thanking you for your past interests and a continuance of same, I am very respectfully yours

COMMISSION TO PASS ON GERMAN CLAIMS

(By Associated Press)
Washington, May 5—It is said in unofficial circles today that negotiations are under way between the United States and Germany looking to the organization of a mixed claims commission which will pass upon claims growing out of the seizure of property in both countries and upon claims filed with the United States government by American citizens as a result of the sinking of the Lusitania. The commission probably will consist of one American, one German and one neutral. The American claims aggregated \$415,000,000. The American government has in its possession \$350,000,000 in property of German citizens, seized during the war.

Beveridge's Majority 20,472

(By Associated Press)
Indianapolis, May 5—Former Senator Albert J. Beveridge defeated Senator Harry New by 20,472 in Tuesday's primary for the republican nomination for United States Senator, according to complete unofficial figures tabulated by the Associated Press here today.

Find Still In Garrard

The Lancaster Record says that Jonah Tussey was arrested Tuesday by Deputy Sheriff John Hicks, at his home on the Poor Ridge pike, in Garrard county, charged with operating a moonshine still, portions of which were found on his premises. He is also charged with drunkenness and having whiskey on his person for the purpose of sale. He is under a \$1,000 bond and his trial is set for next Monday. Rollie Simpson, also charged with moonshining is in jail in default of bail.

Here On Honeymoon

Rev. and Mrs. Edward N. Lawson are here from Centerville, O. where he is pastor of the Baptist church. They are on their honeymoon back to the groom's old home in Madison county and are receiving congratulations and good wishes from a host of friends and loved ones. The bride was the attractive Miss Gertrude Hansher, of Chesire, O.

Fayette Farm Sells Well

R. M. Clark purchased the 170-acre farm of Buford E. Allen, 8 miles from Lexington on Todd's road in Fayette county, which was sold at public auction Thursday. The price paid was \$35,000 or \$130 an acre. Following the sale of the farm all the farming implements and stock on the place was disposed of at fair prices. Mules brought from \$70 to \$95 a head; sows and pigs at \$40 to \$55; sheep with lambs \$16; shoats from \$10 to \$14.

TOBACCO FREIGHT RAISE POSTPONED

(By Associated Press)
Washington, May 5—Proposals of southeastern railroads to increase their rates on tobacco moving from Kentucky producing centers for export to New Orleans and other gulf ports by amounts ranging up to 33 percent were set aside today by the Interstate Commerce Commission until September 2d. The new rates were to become effective today. The new schedules would have boosted freight rates on unmanufactured tobacco from Louisville from 45 to 54 1-2 cents a hundred pounds; from Owensboro and Henderson from 42 1-2 to 54 1-2 cents and from Hopkinsville from 47 to 47 1-2 cents. Only tobacco intended for export would have been affected by the new schedule.

A REAL JOKE IN HIGH SCHOOL DEBATE

Some splendid judges of eloquence from the agricultural school of State University decided that Madison High School's crack team of debaters was inferior to the LaGrange High School in the state contest at Lexington Thursday.

And even the members of the LaGrange team conceded openly to the Madison Hi trio that they had lost while the judges were out making their decision. To say that the verdict of the bucolic judges of eloquence, logic and argument came as a shock is to express it mildly. As one in the audience remarked, these agricultural college "experts" may be good judges of the harmony and symphony of the "bellow of a bull" but as judges in a high school debate, they are a joke, pure and simple.

Results of the preliminaries in the state high school debating tournament were announced as follows: LaGrange high school won from Richmond high; Frankfort high school from Williams-town high; Ogden Academy beat LaCenter high school; Morton-Elliott Junior College, Elkhart, won from Breckinridge county high school; LaGrange defeated Simpsonville in the second preliminary and Madisonville won decision over Ogden Academy.

Lyman H. Seaman, representing Bethel Academy, Wilmore, won the state high school oratorical contest at the university by defeating eight other speakers entered in this phase of the ninth annual interscholastic tournament.

Lexington Opera House Sold

The Lexington opera house was sold at public auction by the Phoenix Amusement Co. to R. S. Webb, Jr., building contractor, for \$24,000. The house was bought by the Phoenix Amusement Co. about eight years ago for a consideration of \$46,000. Since that time about \$30,000 in improvements have been added, making a total of \$75,000. The front of the building is being used at present for a furniture store.

PROF. JOHN L. HILL AT CAVALRY CHURCH

Prof. John L. Hill

Prof. John L. Hill, of Georgetown College, well known in this city, will speak at Calvary Baptist church Sunday, May 7th, at 3:30 p. m. and 7:30 p. m. The afternoon service will be to men only on the subject "The Layman as a Kingdom Factor." In this he has a great message to men and a house full of men is expected to greet him.

The evening service, subject "Some Principles of Christian Growth," is for men and women and everybody. All are cordially invited to attend.

Prof. Hill has resigned his position as Professor of History and Dean of Georgetown College to take up work with the Sunday School Board of Nashville as head of the book and tract department and he will leave about June 1st. Therefore, this will be the last opportunity the people of this community will have to hear him for a long time.

All who know him will agree that he is one of the most earnest, efficient and deeply consecrated Baptist laymen. His going to another field of labor will be a great loss to the Baptists of Kentucky. He is a master in the art of handling men. He teaches a Bible class of over 300 men every Sunday. His messages are earnest, convincing and soul stirring. Everyone is urged to hear him and an especial appeal is made to the men to hear this really great man.

Purebred Bulls Bring Beef Prices

Louisville, Ky., May 5—Ninety-three purebred bulls of the best Angus, Hereford and Short-horn stocks were sold to farmers here Thursday in order that the state's cattle herds may be improved. The animals sold for approximately "beef" prices. Prices ranged from \$60 to \$265. The sale was held under the direction of the Kentucky Purebred Live Stock Association and the Louisville Livestock Exchange. The animals were sent to the sale from the best Wisconsin and Kentucky herds. Approximately 2,000 persons visited the ring during the day.

CONGRESS WANTS FACTS ON COAL

(By Associated Press)
Washington, May 5—The House labor committee today favorably reported the Bland bill to create a fact finding commission for the coal industry. The commission would consist of ten members representing miners, the public and the government agencies directly concerned in coal, including the geological survey and the bureau of mines. A report to Congress with recommendations will be required within two years, chairman Nolan announced. Efforts will be made to pass the bill before the summer adjournment.

DEMPSEY MAY FIGHT CARPENTIER AGAIN

(By Associated Press)
Paris, May 5—Jack Dempsey told the Associated Press today it is almost certain he will meet Georges Carpentier again in London or Paris late this year if Carpentier defeats Ted Lewis in London May 11th and provided the purse is satisfactory. Post-ting of the forfeit and other details, Dempsey added, are being discussed in London by the fighters' managers.

WEEK FOR MOTHERS AND THEIR DAUGHTERS

(By Associated Press)
Louisville, Ky., May 5—The week of May 14 to 21 has been set aside as national Mother and Daughter week for the purpose of bringing about a closer relationship between the mothers and daughters in every community. An outline covering the entire week's observance has been arranged. This outline includes:

May 14—Mother's Day.
May 15—Community Night.
May 16—Home Night.
May 17—Midweek prayer service.

May 18—Visitor or chum night.
May 19—Mother and Daughter banquet.

May 20—Recreation Day.
May 21—Daughters' Day.

The Kentucky Sunday School Association, with headquarters in this city, is promoting this observance in the Sunday Schools of the state. Through the efforts of Sunday School workers plans are being made to observe the various features of the week in about forty counties of Kentucky. Some of the cities and towns of Kentucky where Mothers and Daughters' Banquets and other features will be held in addition to the usual observance of Mothers' Day are:

FAMOUS PHYSICIAN ANSWERS CALL

Louisville, Ky., May 5—Dr. Joseph Nathaniel McCormack, 76 years old, one of the country's foremost physicians, died at his home here early Thursday after an illness which began with a sudden attack Tuesday.

Known all over the United States for his work, lasting more than 12 years, organizing state boards of health for the American Medical Association, Dr. McCormack is best known within and without the state, for his services to Kentucky.

Appointed a member of the state board of health by Gov. Luke P. Blackburn in 1879, in 1883 he was unanimously elected to be its secretary in which capacity he served until 1912 when he was succeeded by his son, Dr. A. T. McCormack.

Dr. McCormack was known personally to every physician in Kentucky, as he signed the certificates of practice for all of them.

All his life an indefatigable enemy of medical quackery and unsanitary conditions, he is credited with having accomplished more in combating these evils than any other person in Kentucky.

ONLY 2 WAREHOUSE DEALS ARE CONTESTED

Director of Warehouses Ralph M. Barker of the Burley Tobacco Growers' Co-operative Association, reported to the board of his work so far in agreeing upon valuations for final taking over the warehouses, saying that in all but two cases no arbitration had been necessary, and in those two cases he had not been able to see the owners as yet. Some of the directors inquired what was being done in regard to the prosecution of violators of the marketing contract who had sold their crops outside the association. They were informed by President James C. Stone that cases would soon be filed against the contract breakers. It developed that opponents of the association in southern Indiana have been circulating a report to the effect that the association had filed suits and had lost them in the courts here. The directors were informed that no suits have yet been filed.

It was decided to close the books of the association for the distribution of the second payment Monday, May 8, and no assignment of participation receipts made after that date will be honored in the distribution of checks.

In reply to a question Secretary-Treasurer H. Lee Earley said that of the 60,000 members of the association not more than 50 to 75 had sold their participation receipts outright.
By unanimous vote of the directors the publication of the association bulletin was placed under the direction of President Stone.

GREATLY INCREASED SCHOOL TAX ASKED

City Board of Education Plans To Almost Double School Tax—Council Doings

The City Council met in its regular monthly session Thursday night. Mayor O'Neil called meeting to order, and when Clerk Hugh Samuels called the roll all members answered present excepting Councilman J. W. Hamilton, who came in shortly after the meeting had opened. Minutes of the last regular meeting and called meetings were read by the clerk and approved.

Reports of officers were called for and were as follows: Chief of Police Claude Devore reported fines collected for last month amounted to \$194; Police Judge G. Murray Smith's report showed fines imposed by him during the month of April amounted to \$436; and the report of City Collector Jesse Dykes showed \$1,964.33 collected in taxes for last month.

Mayor O'Neil announced that previous to opening the session, Dr. R. L. Telford, president of the Associated Charities, had mentioned to him a deficit in the treasury amounting to \$75, and asked that the council allow the Association this amount in order to make up this deficit which was incurred during the past winter. The Mayor stated it has been the custom of the city to donate yearly \$100 to this cause, and as the council had not contributed this year, he recommended that the amount asked for be allowed at this meeting. A motion was made by Councilman Martin, seconded by Councilman McKinney, favoring the proposed donation, and was unanimously passed.

Attention was called to the council by Mr. O'Neil that Dr. Scudder, city physician, was leaving Richmond, and as there were several patients who needed medical attention, he recommended that a successor be appointed. It was learned that Dr. Scudder had mentioned his leaving the city to several members of the council, and had made arrangements to leave the work in charge of Dr. N. A. Bailey.

A vote of council Dr. Bailey was appointed his substitute during the absence of Dr. Scudder.
The Mayor stated that the Carey-Reed Company, who have charge of the construction work on the Lexington pike, had informed him that they have on hand 100 feet of 18-inch sewer pipe, which they will not use. While it is worth \$1 a foot, they offered to to the city for 75c a foot. The matter was referred to the sewer committee with power to act.

Mr. O'Neil stated that he had received a communication from the Actuarial Bureau, who had their representative, Capt. Stiltz, investigate the fire department here several weeks ago, in which the bureau stated on account of the conditions reported to them by Capt. Stiltz, that unless the city made necessary improvements it would necessitate sending a man here to rerate all fire insurance. The fire committee was ordered to make further investigation, and report to the council at once.

Nominations for the appointment of Supervisors to equalize the city assessment list were called for. Councilman Benton nominated Lyman Parrish; Councilman Martin nominated N. B. Deatherage, Jeff Cox (whose name was withdrawn upon his request) and W. D. Durham; Councilman McKinney nominated Paul Burnam and T. H. Collins. Nominations closed and the final vote resulted with the selection of N. B. Deatherage, Paul Burnam and T. H. Collins to serve on the board of supervisors.

Reports of outstanding committees were called for. The committee on patrol conveyance asked for further time, with the power to act, which was granted. The committee on the disposal plant was called. Mr. O'Neil spoke for Mr. H. de B. Forbes, who had notified him that he would have his plans ready at a later period. Attorney Nolan representing Mrs. Whitlock, on whose farm the plan is proposed, to be stationed, announced to the council that his client is willing to do her part in helping the city, but she had been informed that

A Serious Matter

The taxpayers of Richmond are going to want some mighty explanatory information of the action of the City Board of Education in asking an increase in

the school tax rate of Richmond property owners from 75c to \$1.35. Especially since the city schools the past year, conceded to have been one of the very hardest in which to finance any proposition, were maintained on the 75c rate.

The Daily Register feels that every citizen is entitled to the fullest publicity about this matter, which has come practically as a bombshell, and, if carried out, will mean a tremendous additional burden upon an already over-taxed people. The people are entitled to know what the Board of Education has done with the substantial funds it has received from taxation, and what

it proposes to do with the large additional sum it seeks from the increased tax rate.

Incidentally, it might be very pertinent to remark at this time that the laws of Kentucky require a City Board of Education to publish in the newspaper once each year a detailed and itemized statement of its receipts and expenditures. This law the Richmond Board of Education has not obeyed for several years. In no other way can the people who put up the money to conduct the city's educational institutions know what is being done with their money. They are entitled to know, too, as the law provides.

The Daily Register realizes full well that its good friends—and it is a good friend to every member of the Board of Education and holds each and every one personally in the highest esteem—have a very difficult, onerous and thankless task in conducting the schools of Richmond at the standard to which the children of the city are entitled. However, it feels that members of the board of education should take into consideration as well, especially at this time, the serious condition of the taxpayers of the city.

Pimples Keep Young Men Down!

They Make Women, Too, a Puzzle
How S. S. S. Stops Skin Eruptions Positively.

Pimples and skin eruptions have a price—you pay for every pustule, black-head and pimple on your face. Pimples produce prejudice and prevent prosperity. Your heart may be gold,

S. S. S. Will Rid You of the Cursing Pimple-Calamity.

but who wants to kiss eruptions? Pimples don't look like the owners of anything. Pimpled women, too, are puzzles, with no prospects and no power. Young men and women, here's the positive way out. Physics and purgatives will fail. What you need is a scientific blood-cleanser. S. S. S. is one of the most powerful destroyers of blood impurities. You can prove this in a short time. S. S. S. has been passed on by a jury of millions of people just like yourself. It is considered one of the most powerful vegetable blood-purifiers and flesh-builders in existence. That's why you hear of so many underweight people putting on lost flesh in a hurry, why you hear of so many rheumatics being freed from this scourge, with S. S. S. Start today with S. S. S. and see your face clear and your skin get redder, your flesh firmer. It will give you a boost in your career. S. S. S. is sold at all drug stores, in two sizes. The larger size is the more economical.

CITY COUNCIL

(Continued from page 1).

It would be necessary to give up one acre of her land to accommodate the plant, and as she only had a small farm, she thought she would be doing her part by allowing the city the use of half an acre. It was suggested by Attorney Noland that the committee call upon Judge E. C. Million whose farm adjoins Mrs. Whitlock, and see if he would be willing to donate the other half acre. The committee was instructed to call upon Judge Million at once.

In regard to the police alarm bell to be placed on the outside of the fire department, the mayor said that Manager Harris of the telephone company, had told him he would install the bell free of charge, and that a fee of 50 cents month would be charged for service. Mr. Harris said he thought his company might even donate this to the city, as it is at present furnishing three telephones to the city without charge. The matter was referred to the police committee with power to act.

Councilman Martin asked for an explanation in regard to W. Agee, the street cleaner, who was recently discharged. The mayor said Agee was under charge of the Street Commissioner. Mr. Alman explained that he had taken the liberty of discharging Agee as he did not believe his services were worth \$2 a day. He said he had offered him \$1.50 and Mr. Agee had refused to continue working at that price.

Councilman Hamilton called the attention of the other members to a request coming from Messrs. Parks, Brandenburg and other residents of the Evansdale section, requesting a water plug there for protection of their property, and said these gentlemen had offered to give \$50 toward defraying the expense. The matter was referred to the street committee.

Councilman Martin entered a complaint in regard to inferior concrete work used in erecting the city scales. The matter was referred to the street commissioner.

Councilman McKinney presented a request from Burton Roberts for several feet of ground next to the garage on South Third and Water streets, which was recently destroyed by fire caused from a stove in the rear of the building. It is understood Mr. Roberts plans to erect a splendid brick garage, and will install a first class furnace, in the building and this extra ground is needed for the furnace room. The city attorney was instructed to draw up necessary papers for protection of the city, and to grant Mr. Roberts the request.

Attorney C. C. Wallace, representing a large number of the citizens of West Main street, petitioned the council to do something in the matter of laying the clouds of dust caused by the heavy traffic out that way. A number of ladies from West Main were also present to urge the council to give them immediate relief. Mr. Wallace suggested that the council send a sprinkler out there three or four times daily, and after discussion by the members of council and citizens,

the Mayor assured Mr. Wallace and the ladies that the matter would be given immediate attention.

Health Officer Dr. J. G. Bosley spoke to the council in regard to the sewer system. He urged them to pass an ordinance compelling those who are adjacent to a sewer to connect up. He reminded them that these citizens had been notified last fall to do this, but they realized that they could not be compelled to do it as there was an ordinance to that effect, and that they would continue neglecting this matter an ordinance was passed.

Attorney John Noland representing the school board, brought request from that body urging that their committee meet with a committee appointed by the council to discuss the matter of raising the school tax rate from 75 cents on the \$100 of property to \$1.35, in order to take care of the extra money involved by the interest on the school bonds, etc. Mayor O'Neil declared that he thought this was too much of an increase, and said he believed it would not be necessary to increase the tax rate to this amount. The request was turned over to the Mayor, and it is published in full in another column of today's paper.

Councilman Hamilton made a motion that a collector be appointed by the City Collector in order to collect back taxes amounting to \$6,000 since the year 1917, from taxpayers who were not property owners, and that the collector be paid 25 cents on the dollar for all moneys collected. This motion was passed.

The Mayor asked if the bills had been audited and Councilmen Crutcher and Hamilton stated all were O. K. except the one turned by the W. R. Martin Co., of Louisville, for repairing the street roller. The bill was made out for something like \$600, and it was understood by the council that the charges for making the repairs would not exceed \$300. After discussing this matter for some little time, it was decided to hold it over and have the bill reduced. All other bills were paid and the council adjourned.

Geo. O. Parker, carpenter 333 Moberly Ave., Richmond, says: "I had attacks of kidney complaint that have given me a lot of trouble with sore muscles and back. They came on when my kidneys were out of order. I had dull pains across the small of my back just over my kidneys. I was so lame across my hips that when I bent over I could hardly straighten up and the muscles felt as though they were tied in knots. The lameness in my back was worse in the morning and it bothered me when I stooped to put on my shoes. The change in the weather caused my kidneys to act irregularly. I took Doan's Kidney Pills and I am glad to say they have always relieved me right away." 60c at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y. ap 21-28 ma

Burley In Hart County

Munfordville, Ky., May 5 — Hart county farmers are showing a new interest in the possibilities of growing better burley tobacco, according to County Agent J. S. Pullen. Several of them are using 100 pounds of sodium nitrate and 300 pounds of acid phosphate an acre as a fertilizer while another grower has had his soil analyzed in order that he could supply the proper fertilizers necessary for greater crop production, it was added.

Judge Makes Erroneous Prediction Regarding Lawyer

"About one clean shirt is all I thought he would ever wear. He had fallen away to a mere shadow; was as yellow as saffron and often doubled up with pain. Doctors continually gave him morphine and were about to operate for gall stones. May's Wonderful Remedy quickly restored him to perfect health again." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. H. L. Perry and Son and druggists everywhere. 1t

Pride of Ownership

THE Ford Touring Car has brought to the farm homes of the country more real pleasure, comfort and convenience than perhaps any other one thing.

It has enabled the farmer and his family to mingle with friends, attend church, neighborhood functions, and enjoy the many pleasures that abound in country life.

Truly the Ford car with its low cost of operation and maintenance, its usefulness and efficiency, has been a boon to the American farmer.

Your order should be placed at once if you wish to avoid delay in delivery.

"WHITE OAK"
A Paramount Picture

FRIDAY
THE OLD TIME WEST—IT IS HE!
As Fennimore Cooper summed up, in his novels, the Pioneer Days of America, so does Wm. S. Hart on the screen, live the life of the Great Wild West. Many call "White Oak" with its love, its thrill, its daring, the finest picture he ever made. See it! Tingle! Judge for yourself.

Counter

Have You Made Your New Summer Dresses?

YOU can find out to-day what styles will be worn this Summer by consulting the Summer Butterick Quarterly now on sale. Don't wait till the weather's hot!

Even if you've never sewed before

you can make a dress like this one—with its fashionable panels, bell sleeves and boat-shaped neck. The Deltor, enclosed with each new Butterick Pattern, shows you by pictures exactly how to make it from start to finish.

SUMMER MATERIALS
illustrated on the cover and in twelve full-color pages

Gaily colored cretonne—the very kind your draperies are made of—is a new favorite, and the Summer Quarterly will show you how to use it. There are also color pages of morning dresses, both gingham and printed linens; color pages of afternoon dresses and Summer evening frocks. Many afternoon dresses have the new fabric trimming of flowers and fruits and latticed designs. Grown-ups and flappers have equal rights to the cascade draperies, made in silk crepes, crepe de Chine, etc. As for the youngsters and flappers, many pages are devoted to them, four in full color. Flappers are given full recognition in the Summer Butterick Quarterly.
